

## REPORT (2009) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

### I. ORGANIZATION OF THE WORK OF THE COMMITTEE

1. The Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (hereinafter "the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices established under the Agreement.

2. Observer governments in the General Council of the WTO have Observer status in the Committee. The International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the OECD is invited to attend meetings on an *ad hoc* basis, and has full access to documents relevant to the Committee's work, subject to objection by a Member in particular cases. Also pursuant to a decision of the Committee in October 1998, the ACP Group is invited to attend meetings on an *ad hoc* basis pending the outcome of horizontal consultations with respect to the ACP Group's requests for Observership in various WTO bodies. Requests for Observer status from the Common Market for Eastern and Southern Africa (COMESA) and the Gulf Organization for Industrial Consulting are under consideration by Members.

3. The focus of this report is on the period since the Committee's last annual report (G/L/861), that is, 28 October 2008 – 21 October 2009 (hereinafter "the review period"). During the review period, the Committee held two regular meetings, on 8 May 2009 and 21 October 2009 (G/ADP/M/36 and G/ADP/M/37, respectively).

4. As of the beginning of the review period, Mr. Jorge Huerta-Goldman (Mexico) was the Chair and Mr. Pasquale De Micco (Italy) was the Vice Chair, of the Committee. At its May 2009 meeting, the Committee elected Mr. Pasquale De Micco (Italy) as Chair, and Mr. Matthew Wilson (Barbados) as Vice Chair. Pursuant to the Committee's rules of procedure, Mr. De Micco and Mr. Wilson took office at the end of that meeting.

### II. NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. Article 18.5 of the Agreement provides that "Each Member shall inform the Committee of any changes in its laws and regulations relevant to this Agreement and in the administration of such laws and regulations". Pursuant to a decision of the Committee in February 1995, all Members having new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement are requested to notify the full and integrated text of such legislation and/or regulations to the Committee. Changes in a Member's legislation and/or regulations are to be notified to the Committee as well. Pursuant to that same decision of the Committee, if a Member has no such legislation or regulations, the Member is to inform the Committee of this fact. The Committee also decided that Observer governments should comply with these notification obligations.

6. As of 21 October 2009, 101 Members had notified the Committee regarding their domestic anti-dumping legislation.<sup>1</sup> Of these 101 Members, 29 notified the Committee that they had no anti-dumping legislation. Members' communications in this regard can be found in document series G/ADP/N/1/.... Twenty five Members have not, as of the end of the review period, made any notification of anti-dumping legislation and/or regulations. Annex A sets out the status of notifications concerning legislation under Article 18.5 of the Agreement, and sets out the reference symbol(s) of the document(s) containing each Member's current notification in this regard.

7. During the review period, the Committee reviewed new notifications regarding anti-dumping laws and/or regulations submitted by the following Members: Angola, Argentina, Bahrain, Belize, Brazil, Dominican Republic, Honduras, Kenya, Norway, Panama, Peru, Saudi Arabia, Suriname, and the United States. The Committee also continued its review of previously-reviewed legislative notifications submitted by the following Members: Argentina, Dominican Republic, El Salvador, Honduras, Panama, and Ukraine. Written questions and answers regarding these notifications can be found in documents of the G/ADP/Q1/... series.

### III. SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS TAKEN BY MEMBERS

8. **Semi-annual reports for the period 1 July-31 December 2008 pursuant to Article 16.4.** As of 21 October 2009, 24 Members<sup>2</sup> had submitted semi-annual reports of actions taken during this period. Thirty four Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining 68 Members had not submitted a notification in this regard. These semi-annual reports were circulated in document series G/ADP/N/180/.... At the Committee's regular meeting in May 2009, the Chair reported that it appeared that most Members taking actions had submitted semi-annual reports, but that some had arrived after the deadline. Members who had not submitted reports of actions taken or nil returns were strongly urged to submit these reports, and all Members were encouraged to submit their semi-annual reports on time. The status of semi-annual reports for this period is set out in Annex B. Questions raised concerning these reports can be found in the minutes of the meeting and in document series G/ADP/Q2.....

9. **Semi-annual reports for the period 1 January-30 June 2009 pursuant to Article 16.4.** As of 21 October 2009, 23 Members had submitted semi-annual reports of actions taken during this period.<sup>3</sup> Twenty one Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining 82 Members had not submitted a notification in this regard. These semi-annual reports were circulated in document series G/ADP/N/188/.... At the Committee's regular meeting in October 2009, the Chair emphasized that not all Members had submitted semi-annual reports, and strongly urged all Members to comply with the requirement to submit their semi-annual reports on time. He also drew to Members' attention that the issue of assisting long-standing non-notifiers to fulfil their notification obligations would be discussed later at the meeting under a separate agenda item.<sup>4</sup> The status of semi-annual reports for this period is set out in Annex B. Questions raised concerning these reports can be found in the minutes of the meeting and in document series G/ADP/Q2.....

<sup>1</sup> The European Communities is counted as one Member. Prior to 1 May 2004, the member States of the EC were: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, Sweden and the United Kingdom. As of 1 May 2004, the following Members became member States of the EC: Cyprus, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, the Slovak Republic, and Slovenia; and as of 1 January 2007, Bulgaria and Romania also became member States of the EC. See documents G/ADP/N/1/EEC/2/Suppl.6 and .../Suppl.8 for information on the current status of the previously-submitted laws and regulations of these Members.

<sup>2</sup> The European Communities is counted as one Member.

<sup>3</sup> The European Communities is counted as one Member.

<sup>4</sup> See section VI regarding the draft notification format under Articles 16.4 and 16.5 of the Agreement (the so-called "one time notification format").

10. A table summarizing new anti-dumping actions taken by Members as reported in their semi-annual reports for the period 1 July 2008 - 30 June 2009 is reproduced in Annex C to this report.

11. **Revised semi-annual report format – Presentation by the Secretariat.** At the Committee's May 2009 regular meeting, the Chair recalled that at its October 2008 meeting, the Committee had adopted the revised format<sup>5</sup> for semi-annual reports, which brought a number of important improvements that included the use of mandatory language, clear definitions and instructions for each information item to be reported, in addition to the inclusion of a number of new information items. The Chair also recalled that the Committee had decided that this format was to be used starting with the reporting cycle covering the first half of 2009. To assist Members with their transition to the new format, the Secretariat, at the Chair's invitation, made a presentation explaining it. The Chair encouraged Members to contact the Secretariat with any questions on the new format.

#### **IV. REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS**

12. Pursuant to Article 16.4 of the Agreement, reports of preliminary and final anti-dumping actions during the period under consideration were received from Argentina, Australia, Brazil, Canada, Chile, China, Costa Rica, Egypt, European Communities, Japan, Korea, Mexico, New Zealand, Pakistan, Peru, South Africa, Thailand, Turkey, Ukraine, and the United States as indicated in documents G/ADP/N/175, G/ADP/N/176, G/ADP/N/177, G/ADP/N/178, G/ADP/N/179, G/ADP/N/181, G/ADP/N/182, G/ADP/N/183, G/ADP/N/184, G/ADP/N/185, G/ADP/N/186, G/ADP/N/187, G/ADP/N/189, 190, and G/ADP/N/191.

13. The Committee reviewed the notifications of preliminary and final actions at its regular meetings in May and October 2009. At these meetings, the Chairs drew attention to the apparent lack of full compliance in this area, as some Members that submitted semi-annual reports indicating preliminary and/or final measures had not submitted reports of preliminary or final actions taken. The Chairs highlighted the importance of this notification to the Committee's role in monitoring and discussing actions taken by Members, and recalled that the revised minimum information format that had been adopted by the Committee in October 2006<sup>6</sup> clarified the kinds of actions to be notified and the information to be submitted. A summary of the notifications submitted by Members pursuant to Article 16.4 is contained in Annex D of this report.

#### **V. TRANSITIONAL REVIEW OF CHINA**

14. During the October 2009 meeting, the Committee undertook the review, as appropriate to its mandate, of the implementation by China of the WTO Agreement and of the related provisions of its Protocol of Accession, as provided for in Paragraph 18 of the Protocol of Accession of the People's Republic of China to the WTO. At the meeting, the delegation of China responded orally to questions that had been previously submitted in writing<sup>7</sup>, as well as to questions raised orally at the meeting. The statements of Members are reflected in the minutes of that meeting. The Committee agreed that its report to the Council for Trade in Goods would be in the form of a brief factual report, prepared by the Chairperson on his own responsibility, containing references to the documents concerned and attaching the portion of the minutes of the meeting which relate to the transitional review.<sup>8</sup>

## **VI. INFORMAL CONSULTATIONS AND FORMAL DECISIONS ON WAYS TO IMPROVE TIMELINESS AND COMPLETENESS OF NOTIFICATIONS AND OTHER INFORMATION FLOWS ON TRADE MEASURES**

15. In February 2009, the Chair of the General Council, upon the request of the Chair of the Trade Policy Review Body (hereinafter "the TPRB"), requested the Chair of the Committee to hold consultations on ways to improve the timeliness and completeness of notifications and other information flows on trade measures and to report back to the Chair of the TPRB on those consultations. The Committee conducted informal consultations on 9 March 2009 and 25 June 2009 during which the discussions focused on problematic notification areas, how to encourage long-standing non-notifiers to submit notifications, how to enhance the quality of the submitted data, how to streamline the reporting process, and what decisions should be adopted by the Committee to achieve such goals. On 1 April 2009, the Chair of the Committee reported back to the Chair of the TPRB on the results of his consultations.

16. At its May 2009 regular meeting, the Committee agreed that subsequent to each request setting the deadline for semi-annual reports, the Secretariat should further circulate a document reminding Members of the deadline. The first such reminder was circulated in G/ADP/N/188/Suppl.1. It was also agreed that the Chair should send letters, as needed, to those Members whose reports were not received by such deadlines. (G/ADP/M/36 – Item E)

17. At its 2009 October meeting, the Committee adopted three decisions to enhance transparency and streamline the reporting process. The first was the draft notification under Articles 16.4 and 16.5 of the Agreement, or the so called "one-time notification format"<sup>9</sup>, to assist those Members that have not established investigating authorities and accordingly have never taken any anti-dumping actions, to fulfil their notification obligations. In this respect, the Committee requested the Secretariat to provide the necessary technical assistance to such Members that would be using this format to submit their notifications. The second was the electronic submission of all notifications submitted to the Committee.<sup>10</sup> The third was the introduction of an additional paragraph to the minimum information format encouraging Members to attach, in an electronic form and in their original language, publicly available documents containing the relevant decisions made by the competent authorities<sup>11</sup> (G/ADP/M/37 – Item F). The Committee had also agreed to report back to the Chair of the TPRB on the decisions adopted by the Committee to enhance transparency and improve timeliness and completeness of notifications.

## **VII. WORKING GROUP ON IMPLEMENTATION**

18. The Working Group on Implementation held two regular meetings during the period under review, back-to-back with the Committee's regular meetings in May and October 2009.

19. No submissions had been made to the Group prior to the circulation of the airgram for the Group's spring meeting. After the circulation of the airgram, Egypt submitted three papers, two conveying Egypt's views on the issues under discussion in the Group, i.e. "export prices to third countries or constructed normal value - Article 2.2"<sup>12</sup> and "determination of significant price undercutting – Article 3.2"<sup>13</sup>, and one proposing new topics for discussion.<sup>14</sup> The Chairperson allowed Egypt to make a preliminary introduction of its papers. Some Members asked questions

while others mentioned that they could come back with questions after analyzing Egypt's papers in detail. At the end of the meeting, the Chairperson encouraged Members to submit papers on issues under discussion or to propose new topics for discussion in the Group.

20. At its meeting in October 2009, the Group conducted a detailed discussion of Egypt's papers on "export prices to third countries or constructed normal value - Article 2.2" and "determination of significant price undercutting – Article 3.2" which had been only briefly discussed at the previous meeting. It also discussed proposals by Egypt and Korea<sup>15</sup> on new topics for discussion in the Group. The Group decided to transmit these proposals to the Committee for a decision as to whether such topics should be referred to the Group for discussion.

21. The Committee subsequently decided to refer the following topics proposed by Egypt and Korea to the Working Group on Implementation for discussion:

- Article 2.3 – Constructed export price. When is the export price to be considered unreliable because of association or a compensatory arrangement between the exporter and the importer and a third party? How is the export price to be constructed?
- Article 3.5 – Other known causes of injury. How do Members ensure that the injury caused by known factors, other than dumped imports, that are injuring the domestic industry are not attributed to dumped imports?
- Article 3.7 – Threat of material injury. How do Members assess threat of material injury?
- Article 5.3 – Accuracy and adequacy test. How do Members assess the accuracy and adequacy of the evidence provided in an application to determine whether there is sufficient evidence to justify the initiation of an investigation?
- Article 11.3 – Sunset reviews. "Determination on the likelihood of continuation or recurrence of dumping and injury in sunset reviews".

## **VIII. INFORMAL GROUP ON ANTI-CIRCUMVENTION**

22. The Informal Group on Anti-Circumvention held two meetings during the reporting period, back-to-back with the May and October 2009 regular meetings of the Committee. Although there were no papers submitted for discussion at the May meeting, one Member posed a question on a possible anti-circumvention example pertaining to imports of padlocks and its parts. There was no substantive discussion on this issue.

23. Concerning the future work of the Group, Members considered that the Group should continue its work along the same lines as had been the case up to then.

## **IX. OTHER ITEMS DISCUSSED BY THE COMMITTEE**

24. No item was requested by any Member to be placed on the agendas of the May or the October regular meetings.

## **X. OTHER BUSINESS**

25. During the review period, the Committee noted statements regarding the following matters under the agenda item "Other Business":

---

<sup>15</sup> G/ADP/AHG/W/183.

- India's Investigation Against Medium Density fireboard – Statement by New Zealand. The statement was supported by China, the European Communities, Malaysia, Thailand and the United States. The delegation of India indicated that it would convey the questions to Capital to obtain the necessary clarification.
  - Final dumping determination of the Turkish Authorities Against Spun Yarns made out of man-made fibre from India – Statement by India.<sup>16</sup> The delegation of Turkey presented an oral reply at the meeting and also provided a written answer after the meeting.<sup>17</sup>
