

REPORT (1999) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

I. ORGANIZATION OF THE WORK OF THE COMMITTEE

1. The Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (hereinafter "the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices established under the Agreement.

2. Observer governments in the General Council of the WTO have Observer status in the Committee. With respect to international intergovernmental organizations, the International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the OECD is invited to attend meetings on an *ad hoc* basis, and has full access to documents relevant to the Committee's work, subject to objection by a Member in particular cases. Also pursuant to a decision of the Committee in October 1998, the ACP Group is invited to attend meetings on an *ad hoc* basis pending the outcome of horizontal consultations with respect to the ACP Group's requests for Observership in various WTO bodies.

3. The focus of this report is on the period since the Committee's last annual report (G/L/268), that is, 30 October 1998 – 28 October 1999 (hereinafter "the review period"). During the review period, the Committee held two regular meetings, on 29 April 1999 and 28 October 1999 (G/ADP/M/14 and Supplement 1 and G/ADP/M/15 respectively).

4. As of the beginning of the review period, Mr. José Antonio S. Buencamino (Philippines) was Chairman, and Mr. Alvaro Espinoza (Chile) was Vice-Chairman of the Committee. The Committee at its regular meeting in April 1999 elected Mr. Milan Hovorka (Czech Republic) as its Chairman and Mr. Roberto Azevedo (Brazil) as its Vice-Chairman. Pursuant to the Committee's Rules of Procedure, they took office at the end of that meeting.

II. NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. The Committee decided, at its special meeting of 21 February 1995, that all Members which had new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement would notify the full and integrated text of such legislation and/or regulations to the Committee by 15 March 1995. If such legislation and/or regulations did not exist or were not available, the Member would inform the Committee of this fact. The Committee also decided that Observer governments should provide the Committee the text of their laws and regulations regarding anti-dumping duties.

6. As of 28 October 1999, 87 Members had notified the Committee regarding their domestic anti-dumping legislation.¹ Of these 87 Members, 25 had notified the Committee that they had no anti-

dumping legislation. Members' communications in this regard can be found in document series G/ADP/N/1/... . 32 Members had not, as yet, made any notification under Article 18.5 of the Agreement. Annex A sets out the status of notifications concerning legislation under Article 18.5 of the Agreement. The Chairman expressed continuing concern over the failure of some Members to submit the required notification concerning legislation, and added that for many of those Members, it was likely that a single nil notification would suffice. He encouraged Members who had not yet done so to make this notification promptly.

7. During the review period, the Committee reviewed new notifications regarding anti-dumping laws and/or regulations submitted by the following Members: Argentina, Australia, Benin, Czech Republic, Dominica, Egypt, Fiji, Ghana, Indonesia, Jamaica, Latvia, Maldives, Trinidad & Tobago, and the United States. Written questions and answers regarding these reviews may be found in documents of the G/ADP/Q1/... series.

8. In addition to review of new notifications, during the review period the Committee undertook further review of notifications of legislation previously reviewed. Written questions and answers concerning the notification of Argentina were considered at the Committee's meeting in October 1999. Those questions and answers may also be found in documents of the G/ADP/Q1/... series.

III. SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS TAKEN BY MEMBERS

9. **Semi-annual reports for the period 1 July-31 December 1998.** As of 28 October 1999, semi-annual reports of actions taken during this period had been submitted by 28 Members. 36 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining 55 Members required to do so had not submitted a notification in this regard. At the Committee's regular meeting in April, the Chairman expressed great concern about the poor status of notifications. Members who had not already done so were strongly urged to submit these reports. The semi-annual reports were circulated in document series G/ADP/N/47/... . The status of semi-annual reports is set out in Annex B.

10. **Semi-annual reports for the period 1 January-30 June 1999.** As of 28 October 1998, semi-annual reports of actions taken during this period had been submitted by 23 Members. 25 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining 71 Members required to do so had not submitted a notification in this regard. At the Committee's regular meeting in October, the Chairman again expressed great concern about the poor status of notifications, particularly since for many if not most Members failing to notify, a simple notification of no actions taken would suffice. Members who had not already done so were strongly urged to submit these reports. The semi-annual reports were circulated in document series G/ADP/N/53/... . The status of semi-annual reports is set out in Annex B.

11. A Table summarizing anti-dumping actions taken by Members and reported in their semi-annual reports during the period 1 July 1998 -30 June 1999 is reproduced in Annex C to this report.

IV. REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS

12. Pursuant to Article 16.4 of the Agreement, Members are to report without delay to the Committee all preliminary and final anti-dumping actions taken. Reports of preliminary and final anti-dumping actions during the period under consideration were received from Argentina, Australia, Canada, the European Communities, Israel, Korea, Malaysia, Mexico, Nicaragua, and the United States, as indicated in documents G/ADP/N/45, G/ADP/N/46, G/ADP/N/48, G/ADP/N/49, G/ADP/N/50, G/ADP/N/51, G/ADP/N/52 & Corr.1, G/ADP/N/54, G/ADP/N/55 & Corr.1 and G/ADP/N/56 & Corr.1. The Committee reviewed the notifications of preliminary and final actions at its regular meetings in April and October.

V. OTHER MATTERS

13. **Ad Hoc Group on Implementation:** The Ad Hoc Group on Implementation held two working meetings during the period under review, in April and October 1999. At its meeting in April 1999, the Group continued its discussion of the ten topics originally referred to it by the Committee.² The Group also considered two draft recommendations, on the period of data collection for anti-dumping investigations and the contents of preliminary affirmative determinations. No agreement was reached on these draft recommendations, but the Group agreed to consider further revisions to the drafts at its next meeting. The Group also considered suggestions from Members on new topics to be discussed in the Group, and agreed that the following six topics merited discussion: Practical issues and experience in applying Article 2.4.2, Termination of investigations under Article 5.8 in cases of *de minimis* import volume, Practical issues and experience in cases involving cumulation under Article 3.3, Practical issues and experience with respect to questionnaires and requests for information under Articles 6.1 and 6.1.1, Practical issues and experience in providing opportunities for industrial users and consumer organizations to provide information under Article 6.12, and Practical issues and experience in conducting "new shipper" reviews under Article 9.5. The Committee subsequently decided to refer these topics to the Group for discussion and the possible development of an agreed understanding or recommendation on implementation for consideration by the Committee (G/ADP/W/410). At its meeting in October 1999, the Group considered further the two draft recommendations before it, but no final consensus was reached. The Group also began discussion of the six new topics that had been referred to it by the Committee in April 1999 on the basis of papers submitted by Members. The Chairman expressed his satisfaction with the continued high level of participation by Members, and particularly by the presence and participation of experts from Members capitals. At its meeting in October 1999, a concern was raised concerning the method and substance of the work of the Group. The Committee held a discussion and the Chairman expressed his intention to consult informally with Members in this regard.

14. **Informal Group on Anti-Circumvention:** The Informal Group on Anti-Circumvention met twice during the period under review, in April and October 1999. The Informal Group continued its discussions on the first item of the agreed framework, "what constitutes circumvention". Members conducted the discussions based on papers submitted and further statements at the meetings. Following a discussion based on previously submitted papers at the October meeting, the Chairman presented his thoughts on the matters that had been raised by Members in their papers and in the discussions to that point. Members agreed that it was appropriate for the Informal Group to go on to consider the second item under the agreed upon framework for discussions, "what is being done by Members confronted with what they consider to be circumvention". The Informal Group recognized that it had not yet exhausted discussion of the first topic, had not yet reached a consensus on the question of what constitutes circumvention, that moving on did not prejudge either the outcome of the discussions in the Informal Group, or the position of any Members, and that the topic of "what constitutes circumvention" remained open for further discussion.

15. **Agenda items requested by Members:** During the review period, the Committee took note of statements concerning the following specific items placed on the agenda at the request of Members:

- US anti-dumping measures on certain Japanese steel products – item requested by Japan.
- Australia – anti-dumping investigation on A4 copy paper – item requested by Brazil.

² The ten topics were: treatment of confidential information, the period of data collection for a dumping investigation, sampling under Article 6.10, special circumstances under Article 5.6, notification of the government of the exporting Member under Article 5.5, Article 6.2 hearings, essential facts under Article 6.9, public notices, the content of preliminary affirmative determinations, and duty assessments under Article 9. G/ADP/W/401.

16. **Other Business:** During the review period, the Committee considered the following items under the agenda item "Other Business":

- Indonesia – Anti-dumping action on tin plate.
- South Africa – Anti-dumping investigation on uncoated wood free A4 copy paper.
- Canada - Anti-dumping investigation on reinforcing bar (steel).
- Chairman's Letter to Chairman of the Council for Trade in Goods regarding Committee activities.
