REPORT (2002) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

I. ORGANIZATION OF THE WORK OF THE COMMITTEE

1. The Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (hereinafter "the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices established under the Agreement.

2. Observer governments in the General Council of the WTO have Observer status in the Committee. The International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the OECD is invited to attend meetings on an *ad hoc* basis, and has full access to documents relevant to the Committee's work, subject to objection by a Member in particular cases. Also pursuant to a decision of the Committee in October 1998, the ACP Group is invited to attend meetings on an *ad hoc* basis pending the outcome of horizontal consultations with respect to the ACP Group's requests for Observership in various WTO bodies. Requests for Observer status from the Common Market for Eastern and Southern Africa (COMESA) and the Gulf Organization for Industrial Consulting are the subject of on-going consultations among Members.

3. The focus of this report is on the period since the Committee's last annual report (G/L/495), that is, 27 October 2001 – 25 October 2002 (hereinafter "the review period"). During the review period, the Committee held three meetings, a special meeting on 7 December 2001 (G/ADP/M/20) and two regular meetings on 25 April 2002 and 24-25 October 2002 (G/ADP/M/21 and G/ADP/M/22, respectively).

4. As of the beginning of the review period, Ms Ana Novik (Chile), the elected Vice Chairperson, acted as Chairperson of the Committee in accordance with Rule 14 of the Committee's Rules of Procedure (G/ADP/4) following the resignation of the elected Chairperson. At its regular meeting in April 2002, the Committee elected Mr. Cristian Espinosa Cañizares (Ecuador) as Chairman and Ms Caroline Trautweiler (Switzerland) as Vice Chairperson. Pursuant to the Committee's Rules of Procedure, they took office at the end of that meeting.

II. NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. Article 18.5 of the Agreement provides that "Each Member shall inform the Committee of any changes in its laws and regulations relevant to this Agreement and in the administration of such laws and regulations". Pursuant to a decision of the Committee in February 1995, all Members having new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement are requested to notify the full and integrated text of such legislation and/or regulations to the Committee. Changes in a Member's legislation and/or regulations are to be notified to the Committee as well. Pursuant to that same decision of the Committee, if a Member has no such legislation or regulations, the Member is to

inform the Committee of this fact. The Committee also decided that Observer governments should comply with these notification obligations.

6. As of 25 October 2002, 102 Members had notified the Committee regarding their domestic anti-dumping legislation.¹ Of these 102 Members, 31 had notified the Committee that they had no anti-dumping legislation. Members' communications in this regard can be found in document series G/ADP/N/1/... . 25 Members had not, as yet, made any notification of anti-dumping legislation and/or regulations. Annex A sets out the status of notifications concerning legislation under Article 18.5 of the Agreement, and sets out the reference symbol of the document(s) containing each Member's current notification in this regard. The Chair expressed continuing concern over the failure of some Members to submit the required notification concerning legislation, and added that for many of those Members, it was likely that a single "Nil" notification would suffice. Members who had not yet done so were urged to make this notification promptly.

7. During the review period, the Committee reviewed new notifications regarding anti-dumping laws and/or regulations submitted by the following Members: Antigua & Barbuda, Argentina, Brazil, China, El Salvador, Georgia, Grenada, India, Japan, Lithuania, Moldova, Myanmar, Pakistan, Peru, Philippines, Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu, Turkey, and Uruguay. Written questions and answers regarding these reviews may be found in documents of the G/ADP/Q1/... series. Statements of Members in this context are reflected in the minutes of the meetings.

8. In addition to review of new notifications, during the review period the Committee undertook further review of the notification of legislation of Peru already considered at a previous meeting. Written questions and answers concerning the notification of Peru were considered at the Committee's meeting in April 2002. Those questions and answers may also be found in documents of the G/ADP/Q1/... series.

III. SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS TAKEN BY MEMBERS

9. **Semi-annual reports for the period 1 July-31 December 2001.** As of 25 October 2002, semi-annual reports of actions taken during this period had been submitted by 27 Members. 39 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/85/... . At the Committee's regular meeting in April, the Chairperson reported that it appeared that most Members taking actions had submitted semi-annual reports in a timely fashion. Members who had not submitted reports, including Nil returns were strongly urged to submit these reports. The Chairperson also urged Members to follow the guidelines for reports adopted by the Committee and set out in document G/ADP/1. The status of semi-annual reports is set out in Annex B.

10. **Semi-annual reports for the period 1 January-30 June 2002.** As of 25 October 2002, semi-annual reports of actions taken during this period had been submitted by 30 Members. 26 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/92/... . At the Committee's regular meeting in October, the Chairman expressed concern that although most of the Members taking actions had submitted their semi-annual reports, and a large proportion of them were submitted in a timely fashion, there continued to be problems with reporting in accordance with the guidelines adopted by the Committee and set out in document G/ADP/1. Members who had not submitted their semi-annual reports were urged to do so. The Chairman reminded Members that the Secretariat was

¹In this report, the EC is counted as one Member.

available to assist with the reporting format, and urged Members to bring problems with each others' reports to the Committee. He also suggested that Members might consider whether it was necessary or appropriate to undertake a discussion of the format for the semi-annual reports. The status of semi-annual reports is set out in Annex B.

11. A Table summarizing anti-dumping actions taken by Members and reported in their semi-annual reports during the period 1 July 2001 -30 June 2002 is reproduced in Annex C to this report.

IV. REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS

12. Pursuant to Article 16.4 of the Agreement, Members are to report without delay to the Committee all preliminary and final anti-dumping actions taken. Reports of preliminary and final anti-dumping actions during the period under consideration were received from Argentina, Australia, Canada, China, Egypt, the European Communities, India, Jamaica, Korea, Mexico, New Zealand, Pakistan, Peru, South Africa, Turkey, the United States, and Venezuela, as indicated in documents G/ADP/N/83, G/ADP/N/84, G/ADP/N/86, G/ADP/N/87, G/ADP/N/88, G/ADP/N/89, G/ADP/N/90, G/ADP/N/91, G/ADP/N/93, G/ADP/N/94, G/ADP/N/95 and G/ADP/N/96. The Committee reviewed the notifications of preliminary and final actions at its regular meetings in April and October 2002. At the Committee's meetings in April and October 2002, the Chairperson noted that there continues to be a lack of full compliance in this area and highlighted the importance of this notification in the Committee's role in monitoring and discussing actions taken by Members.

V. TRANSITIONAL REVIEW OF CHINA

13. During the October 2002 meeting, the Committee undertook the review, as appropriate to its mandate, of the implementation by China of the WTO Agreement and of the related provisions of its Protocol of Accession, as provided for in Paragraph 18 of the Protocol of Accession of the Peoples' Republic of China to the WTO. In addition to a general statement, China responded orally at the meeting to a number of specific questions that had been previously submitted in writing, and to follow-up questions posed at the meeting, concerning its notification of anti-dumping legislation. The statements of Members are reflected in the minutes of that meeting. The Committee agreed that its report to the Council for Trade in Goods would be in the form of a brief factual report, with references to the documents concerned, and attaching the portion of the minutes of the meeting which relate to the transition review, prepared by the Chairman on his own responsibility.

VI. IMPLEMENTATION-RELATED MATTERS

14. At the Fourth Ministerial Conference, in their Decision on Implementation-Related Issues and Concerns, Ministers agreed that investigating authorities shall examine with special care any application for the initiation of an anti-dumping investigation where an investigation of the same product from the same Member resulted in a negative finding within the 365 days prior to the filing of the application and that, unless this pre-initiation examination indicates that circumstances have changed, the investigation shall not proceed (WT/MIN(01)/17, para. 7.1). Ministers also referred three implementation-related issues to the Committee or its Working Group on Implementation for consideration and recommendations, to be completed within 12 months.

15. The Working Group on Implementation was directed to (1) examine modalities for the application of Article 15 of the Agreement and draw up recommendations on how to operationalize it, and (2) to draw up recommendations concerning the time-frame to be used in determining a negligible volume of imports under Article 5.8 of the Agreement (WT/MIN(01)/17, paras. 7.2-7.3).

16. The Committee was directed to draw up guidelines for the improvement of the annual reviews under Article 18.6 of the Agreement (WT/MIN(01)/17, para. 7.4).

17. At its special meeting in December 2001, the Committee decided that these three issues would be taken up in informal sessions of the Committee and the Working Group, on the basis of written submissions, with formal meetings held should the need arise. The Committee and the Working Group met in informal session to discuss the issues in March, April, June, September, and October. Members submitted written proposals, written questions and comments on proposals, and written answers to questions, on each of the three topics referred to the Committee and the Working Group, which have been discussed in the informal sessions held during the review period. The following documents had been circulated as of 25 October 2002:

VII. NEGOTIATIONS

18. At the Fourth Ministerial Conference, Ministers agreed to negotiations aimed at clarifying and improving disciplines under, *inter alia*, the Agreement, while preserving the basic concepts, principles and effectiveness of that Agreement and its instruments and objectives, and taking into account the needs of developing and least-developed participants (WT/MIN(01)/DEC/1, para. 28). The negotiations are being undertaken in the Negotiating Group on Rules, under the overall supervision of the Trade Negotiations Committee established by the Ministers.

VIII. OTHER MATTERS

19. **Working Group on Implementation:** The Working Group on Implementation held two regular working meetings during the period under review, in April and October 2002, and as noted above, also met in informal session to address the implementation-related issues referred to it by Ministers. During the Committee's October 2001 meeting a decision concerning which, if any, new topics proposed for discussion by the Group, had been deferred pending the outcome of the Fourth Ministerial Conference. At the special meeting of the Committee on 7 December 2001, the Committee decided not to refer any new topics to the Group at that time.

20. At its regular working meetings, the Group continued its discussion of the six topics referred to it by the Committee in April 1999,² as well as draft recommendations on certain matters under discussion. At its meeting in April 2002, the Group considered a draft recommendation on conditions of competition that may be relevant to a decision whether a cumulative assessment of the effects of imports is appropriate. Although the Group was unable to come to agreement on the text of the draft recommendation, a number of revisions were proposed, and the Group agreed to consider the draft further at its next meeting. The Group also discussed the text of a draft decision on the status of adopted recommendations, but no consensus was reached and Members agreed to revert to the matter at a subsequent meeting.

21. At its meeting in October 2002, despite the lack of new papers, the Group had a useful and productive discussion of the draft recommendation on conditions of competition that may be relevant to a decision whether a cumulative assessment of the effects of imports is appropriate. Although no agreement was reached, suggested revisions will be incorporated into a revised version of the draft recommendation for consideration at the next meeting. The Group also discussed briefly the outstanding issue of the status of adopted recommendations, although the draft text was not addressed. Members discussed the course of future work of the Group, and agreed to begin the process of

² The six topics were: practical issues and experience in applying Article 2.4.2, termination of investigations under Article 5.8 in cases of *de minimis* import volume, practical issues and experience in cases involving cumulation under Article 3.3, practical issues and experience with respect to questionnaires and requests for information under Articles 6.1 and 6.1.1, practical issues and experience in providing opportunities for industrial users and consumer organizations to provide information under Article 6.12, and practical issues and experience in conducting "new shipper" reviews under Article 9.5 (G/ADP/W/410).

considering new topics of discussion. Proposals for new topics of discussion should be submitted to the Secretariat no later than 31 March 2003.

22. **Informal Group on Anti-Circumvention:** The Informal Group on Anti-Circumvention met twice during the period under review, in April and October 2002. The Informal Group continued its discussions on the first and second items of the agreed framework, *i.e.*, "what constitutes circumvention" and "what is being done by Members confronted with what they consider to be circumvention". Members conducted the discussions based on one new paper, written answers from two Members to oral questions raised at the meeting in October 2001, and further statements at the meetings. The Group also started discussing Topic 3, namely, "to what extent can Circumvention be dealt with under the relevant WTO rules? To what extent can it not? And what other options may be deemed necessary?", on the basis of a paper submitted just prior to the April meeting.

23. At its meeting in October 2002, the Informal Group continued its discussions under the agreed framework. Despite only one new paper having been submitted, Members had a lively and informative discussion ranging over all three of the topics set out in the framework for discussion. In addition, answers to previously submitted written questions were discussed. Members also discussed the future work program of the Group, and agreed to continue the discussions in the Informal Group.

24. **Other Business:** During the review period, the Committee noted statements regarding the following items under the agenda item "Other Business":
