

**REPORT (2019) OF THE COMMITTEE ON SAFEGUARDS
TO THE COUNCIL FOR TRADE IN GOODS**

(ADOPTED ON 18 NOVEMBER 2019)

1 GENERAL

1.1. The Committee on Safeguards ("Committee") performs the functions set out in Article 13 of the Agreement on Safeguards. This report is submitted in accordance with Article 13.1(a) of the Agreement, which requires the Committee to report annually to the Council for Trade in Goods on the general implementation of the Agreement. The report covers the period 23 October 2018 – 18 November 2019 ("period under review").

1.2. During the period under review, the Committee held two regular meetings, on 29 April 2019 (G/SG/M/55) and on 18 November 2019 (G/SG/M/56) and held two informal meetings on 1 February 2019 and on 27 September 2019.

1.3. Observer governments in the General Council of the WTO have observer status in the Committee. Pursuant to their Agreements with the WTO, the IMF and the World Bank have observer status in the Committee as well. UNCTAD has observer status through a Committee decision. At its regular meetings in 1998, the Committee decided to invite the ACP Group and the OECD to attend Committee meetings on an *ad hoc* basis.

1.4. After its April meeting, the Committee elected Ms Katherine Dellar as Chairperson, and Mr Madi Sarsenov as Vice-Chairperson.¹

2 NOTIFICATION AND EXAMINATION OF SAFEGUARDS LAWS AND/OR REGULATIONS OF MEMBERS

2.1. During the period under review, the Committee continued its review of notifications under Article 12.6 of the Agreement concerning national legislation and/or regulations in the area of safeguards. For Members with such legislation and/or regulations, these notifications consist of the full and integrated text thereof. For Members without such legislation and/or regulations, these notifications inform the Committee of this fact.

2.2. Members that had notified the Committee of their safeguards legislation and/or regulations or made communications in this regard to the Committee are indicated in Annex 1. As of 18 November 2019, 20 Members had not made such a notification. The Chair reminded the Committee of the importance of such notifications.

2.3. During the period under review, the Committee reviewed the notified (new or amended) legislative texts of the following Members: Angola, Brazil, Canada, Kenya, Madagascar, United Arab Emirates and Viet Nam.

2.4. The substance of the review of legislative notifications is reflected in written questions put to Members and written answers to those questions. References to the questions and answers

¹ See minutes of the meeting (G/SG/M/55) at paragraphs 140 and 141.

pertaining to each notification can be found in the minutes of the meetings at which the notifications were reviewed (G/SG/M/55 and G/SG/M/56).

3 NOTIFICATIONS OF ACTIONS RELATED TO SAFEGUARD MEASURES

3.1. During the period under review, the Committee received and reviewed a variety of notifications of actions related to safeguard measures. The notifications of initiations, the application of safeguard measures, and the termination of investigations without measures received by the Committee during the period under review are summarized in Annex 2. A record of investigations underway and measures applicable as of 18 November 2019 is set forth in Annex 3.

3.2. Members' comments concerning these notifications can be found in the minutes of the meetings at which they were reviewed (G/SG/M/55 and G/SG/M/56). Members' written questions and answers concerning these notifications can be found in the G/SG/Q2/... series.

4 MOROCCO'S SAFEGUARD INVESTIGATION ON COATED WOOD BOARD

4.1. At its April 2019 meeting, one Member raised certain concerns regarding Morocco's investigation on coated wood board. Morocco stated that the investigation was ongoing.

5 US MEASURES ON STEEL

5.1. At its November 2019 meeting, one Member asked for an agenda item under which it explained the background of its notification to the Council on Trade in Goods pertaining to its suspension of concessions in relation to the US measure on steel.

6 COLOMBIA'S SAFEGUARD INVESTIGATION ON SHEETS OF PAPERBOARD AND POLYETHYLENE

6.1. At its November 2019 meeting, one Member asked for an agenda item under which it raised concerns with Colombia's safeguard investigation on sheets of paperboard and polyethylene.

7 NOTIFICATIONS OF RECOMMENDATIONS TO IMPOSE A MEASURE

7.1. At its April 2019 meeting, the Committee discussed a matter pertinent to Members that have a specific decision making structure on safeguard measures where one part of the government communicates to another part of the same government recommending that the latter take a decision related to the imposition of a safeguard measure. The Chair recalled that he held an informal meeting on this issue on 1 February 2019. The Chair noted that there seemed to be general convergence on what the best practice in terms of notification was in such situation, and asked the incoming Chair to continue the discussion.

7.2. The Committee also discussed this issue at its regular meeting on 18 November 2019. The Chair recalled that she held another informal meeting on this issue on 27 September 2019, and invited Members' comments on the idea of revising the notification format to reflect the discussion that the Committee had until this time. The Chair would hold another informal meeting on this issue.

8 DISCUSSION GROUP REGARDING SAFEGUARD PROCEEDINGS

8.1. At the April 2019 meeting and the November 2019 meeting, a Member, on behalf of 11 other Members, explained that a meeting of an informal discussion group regarding safeguard proceedings would take place after the Committee meeting. While it was not part of the Committee meeting, the discussion was open to all Members. The idea behind this discussion group was to provide a broader perspective than the one in normal Committee meetings, removed from discussions of individual cases, and to focus more on each other's experiences and to learn from each other. The topics for April 2019 were: (i) duration of measures, and (ii) mid-term reviews. The topics for November 2019 were: (i) process in making a final determination regarding whether to impose a measure, and (ii) gathering and verifying data and other information from domestic producers.

9 OTHER ISSUES RAISED

9.1. At the meeting of April 2019, the following discussions took place under "Other Business": Two Members raised concerns regarding investigations conducted by Turkey on certain steel products; one Member raised concerns about an investigation conducted by the member countries of the Eurasian Economic Union on certain steel products; and the Chair made two announcements.

9.2. At the November 2019 meeting, one Member raised concerns regarding the European Union's latest revision of its measure on certain steel products. Another Member asked what the effect of a possible exit of the United Kingdom from the European Union would be on the European Union's measure on certain steel products.

Dates indicated in this table are actual dates of the initiation of the investigation and the dates of the imposition of the provisional/final measure. Dates shown between [] starting with an "n" are the dates when the initiation notifications were submitted. For multiple-symbolled documents, only the relevant symbols are indicated in each box. Corrigenda are not indicated in this table. N/12 review notifications are not included in this table.

² In order to put the information into context, this column includes notifications received before the period covered. When a measure has been extended, the initiation date of either the original investigation or the extension investigation is indicated, depending on the context. For other columns, if the notification submitted is not relevant to the timing of the measure, no date is indicated above that notification.

³ "Proposal" in this column and in the column "provisional safeguard measures" signifies that the notification concerns a proposal/recommendation to impose a measure.

⁴ This column only indicates information on expiration or termination which the relevant Member notified as such in writing.

⁵ This notification concerns the modification of Canada's provisional safeguard tariff-rate quotas.

⁶ This notification concerns the exclusion of certain products from the safeguard measure on certain steel products.
