CONSULTATIONS WERE HELD**

The Members involved in the consultations were Thailand and Turkey. The consultations took place on 2 December 2014.

**4 THE RESULTS OF THE CONSULTATIONS**

Turkey expressed its concerns on Thailand's proposed definitive safeguard measure on Non Alloy Hot Rolled Steel Flat Products in Coils and Not in Coils. In Turkey's view, the imposition of safeguard measure was inappropriate due to, first, impropriety of using safeguards in order to deal with allegations of evasion or circumvention of duties of other investigations, and second, the difference between the injury period stated in the Notification on provisional measure (2010-2013) and the injury period stated in the Complaint (2008-2013).

Turkey requested for an exclusion from the imposition of safeguard measure as provided for developing country members under Article 9.1 of Agreement on Safeguards (AoS). Turkey also requested for an equivalent level of concessions/trade compensation under Article 8.1 of AoS, and emphasized the possibility of suspending under Article 8.2 of AoS.

Thailand noted Turkey's concerns and requests, and clarified that Thailand has conducted an investigation cautiously before making a decision.
