## REPORT (2004) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

### I. ORGANIZATION OF THE WORK OF THE COMMITTEE

1. The Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (hereinafter "the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices established under the Agreement.
2. Observer governments in the General Council of the WTO have Observer status in the Committee. The International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the OECD is invited to attend meetings on an *ad hoc* basis, and has full access to documents relevant to the Committee's work, subject to objection by a Member in particular cases. Also pursuant to a decision of the Committee in October 1998, the ACP Group is invited to attend meetings on an *ad hoc* basis pending the outcome of horizontal consultations with respect to the ACP Group's requests for Observership in various WTO bodies. Requests for Observer status from the Common Market for Eastern and Southern Africa (COMESA) and the Gulf Organization for Industrial Consulting are the subject of on-going consultations among Members.
3. The focus of this report is on the period since the Committee's last annual report (G/L/653), that is, 25 October 2003 – 29 October 2004 (hereinafter "the review period"). During the review period, the Committee held two regular meetings on 22-23 April 2004 and 26, 28-29 October 2004 (G/ADP/M/26 and G/ADP/M/27, respectively).
4. As of the beginning of the review period, Mr. David Evans (New Zealand) was Chairman and Mr. Mateo Diego-Fernández (Mexico) was Vice Chairman. At the beginning of its regular meeting in October 2004, the Committee elected Mr. Ernesto Fernández (Costa Rica) as Chairman and Ms. Nicole Matrai (Australia) as Vice Chairperson. Exceptionally, the Committee agreed that they would take office immediately.

### II. NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. Article 18.5 of the Agreement provides that "Each Member shall inform the Committee of any changes in its laws and regulations relevant to this Agreement and in the administration of such laws and regulations". Pursuant to a decision of the Committee in February 1995, all Members having new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement are requested to notify the full and integrated text of such legislation and/or regulations to the Committee. Changes in a Member's legislation and/or regulations are to be notified to the Committee as well. Pursuant to that same decision of the Committee, if a Member has no such legislation or regulations, the Member is to inform the Committee of this fact. The Committee also decided that Observer governments should comply with these notification obligations.

6. As of 29 October 2004, 105 Members had notified the Committee regarding their domestic anti-dumping legislation.<sup>1</sup> Of these 105 Members, 29 had notified the Committee that they had no anti-dumping legislation. Members' communications in this regard can be found in document series G/ADP/N/1/.... 28 Members had not, as yet, made any notification of anti-dumping legislation and/or regulations. Annex A sets out the status of notifications concerning legislation under Article 18.5 of the Agreement, and sets out the reference symbol of the document(s) containing each Member's current notification in this regard.

7. During the review period, the Committee reviewed new notifications regarding anti-dumping laws and/or regulations submitted by the following Members: Argentina, Australia, Canada, European Communities, Japan, Jordan, and South Africa. Written questions and answers regarding these notifications can be found in documents of the G/ADP/Q1/... series. Statements of Members in this context are reflected in the minutes of the meetings.

8. In addition to review of new notifications, during the review period the Committee undertook further review of the notifications of legislation of China, Mexico, Peru, and South Africa already considered at previous meetings. Those questions and answers may also be found in documents of the G/ADP/Q1/... series.

### **III. SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS TAKEN BY MEMBERS**

9. **Semi-annual reports for the period 1 July-31 December 2003.** As of 29 October 2004, semi-annual reports of actions taken during this period had been submitted by 26 Members. 39 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/112/.... At the Committee's regular meeting in April 2004, the Chairman reported that it appeared that most Members taking actions had submitted semi-annual reports in a timely fashion. Members who had not submitted reports, including Nil returns were strongly urged to submit these reports. The Chairman reminded Members that the Secretariat was available to assist with the reporting format, and urged Members to bring problems with each others' reports to the Committee. The Chairman also urged Members to follow the guidelines for reports adopted by the Committee and set out in document G/ADP/1. The status of semi-annual reports is set out in Annex B.

10. **Semi-annual reports for the period 1 January-30 June 2004.** As of 29 October 2004, semi-annual reports of actions taken during this period had been submitted by 27 Members.<sup>2</sup>

---

<sup>1</sup> The European Communities is counted as one Member. Prior to 1 May 2004, the member-States of the EC were the following: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, Sweden and the United Kingdom. As of 1 May 2004, the member-States of the EC included in addition to the afore-listed, the following: Cyprus, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, the Slovak Republic, and Slovenia. This annual report includes a period both before and after the accession of these Members to the European Communities. Therefore, these Members' separate notifications of legislation, submitted prior to their accession to the EC, are listed in this report. See document G/ADPN/1/EEC/2/Suppl.6 for updated information on the current status of laws and regulations of these Members.

<sup>2</sup> The EC submitted, on behalf of Cyprus, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, the Slovak Republic, and Slovenia, a notification of, variously, no actions taken, or anti-dumping actions, including revocations, terminations, and the lapse of measures, during the period 1 January – 30 April 2004 (G/ADP/N/119/EEC/Add.1) (see Annex B). For the period following the date of their accession to the EC, i.e. 1 May 2004 to 30 June 2004, the European Communities submitted a notification on behalf of the European Communities as a whole (G/ADP/N/119/EEC).

33 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/119/.... At the Committee's regular meeting in October 2004, the Chairman reported that, although there continued to be some problems in the form and timeliness of reports, Members had clearly made an effort to submit reports in the format established by the Committee. The Chairman reminded Members that guidelines for the format of semi-annual reports are set out in document G/ADP/1, and that the Secretariat was available to assist Members with questions about the form of reports. The Chairman strongly urged all Members to comply with the requirement to submit semi-annual reports in a timely fashion in the future. The status of semi-annual reports is set out in Annex B.

11. A Table summarizing anti-dumping actions taken by Members and reported in their semi-annual reports for the period 1 July 2003 -30 June 2004 is reproduced in Annex C to this report.

#### **IV. REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS**

12. Pursuant to Article 16.4 of the Agreement reports of preliminary and final anti-dumping actions during the period under consideration were received from Argentina, Australia, Brazil, Canada, China, Egypt, the European Communities, India, Indonesia, Jamaica, Korea, Mexico, New Zealand, Pakistan, Peru, Poland, South Africa, Trinidad and Tobago, Turkey and the United States as indicated in documents G/ADP/N/110, G/ADP/N/111, G/ADP/N/113, G/ADP/N/114, G/ADP/N/115, G/ADP/N/116, G/ADP/N/117, G/ADP/N/118, G/ADP/N/120, G/ADP/N/121, G/ADP/N/122, and G/ADP/N/123.

13. The Committee reviewed the notifications of preliminary and final actions at its regular meetings in April and October 2004. At the Committee's meeting in April 2004, the Chairman noted that there continued to be a lack of full compliance in this area and highlighted the importance of this notification in the Committee's role in monitoring and discussing actions taken by Members. At the Committee's meeting in October 2004, the Chairman noted that there still continued to be a lack of full compliance in this area, as some Members who submitted semi-annual reports indicating preliminary and/or final measures had not submitted reports of preliminary or final actions taken, as reflected in Annex D of this report. The Chairman pointed out that if the Committee was to carry out its role in monitoring and discussing actions taken by Members, it was extremely important that Members notify their preliminary and final actions and he strongly urged Members to do so.

#### **V. EFFECT OF MEMBERSHIP ENLARGEMENT ON TRADE REMEDIES CURRENTLY IN FORCE IN THE EUROPEAN COMMUNITIES – ITEM REQUESTED BY INDIA, JAPAN, KOREA AND THE UNITED STATES**

14. During the April 2004 meeting, the Committee considered this matter, which had been placed on the agenda at the request of India, Japan, Korea and the United States. The delegates of India, Japan, Korea, the United States, China, Pakistan, Chinese Taipei, Brazil, and Colombia expressed their views, and the European Communities responded at the meeting. The statements of Members are reflected in the minutes of the meeting.

## VI. TRANSITIONAL REVIEW OF CHINA

15. During the October 2004 meeting, the Committee undertook the review, as appropriate to its mandate, of the implementation by China of the WTO Agreement and of the related provisions of its Protocol of Accession, as provided for in Paragraph 18 of the Protocol of Accession of the Peoples' Republic of China to the WTO. In addition to a general statement, China responded orally at the meeting to questions that had been previously submitted in writing, and to follow-up questions posed at the meeting. The statements of Members are reflected in the minutes of that meeting.<sup>3</sup> The Committee agreed that its report to the Council for Trade in Goods would be in the form of a brief factual report, with references to the documents concerned, and attaching the portion of the minutes of the meeting which relate to the transitional review, prepared by the Chairman on his own responsibility.

## VII. WORKING GROUP ON IMPLEMENTATION:

16. The Working Group on Implementation held two regular working meetings during the period under review, in April and October 2004.

17. At its meeting in April 2004, the Group continued the discussions on the new topics that were referred to it by the Committee at its Spring 2003 meeting.<sup>4</sup> Although only four Members had submitted papers, on three of the new topics,<sup>5</sup> the discussion was nonetheless interesting and useful in enabling Members to better understand the issues involved and the practices of various Members. The Chairman urged Members to submit papers on these topics, as additional information concerning national practices and different Members' views would add to the value of the discussions. While the Group had made good progress since 2001 in developing the text of a draft recommendation concerning conditions of competition that may be relevant to a decision whether a cumulative assessment of the effects of imports is appropriate, it became apparent during the meeting in October 2003 that significant differences remained between Members concerning some fundamental elements of the draft text. As it seemed unlikely that further progress in developing consensus on the revised draft text was possible, the Group decided to set the draft recommendation aside, at least for the time being. The Chairman pointed out that any Member might ask that it be put on the agenda for discussion at any future meeting.

18. At its meeting in October 2004, the Group had a further round of discussions on three of the four topics that were referred to it by the Committee at its Spring 2003 meeting. Although only three Members submitted papers on three of the new topics,<sup>6</sup> the discussion was nonetheless interesting and useful, giving Members a better understanding of the practices of other Members. Some Members

---

<sup>3</sup> Questions and/or statements were circulated in the following documents: G/ADP/W/439, G/ADP/W/440, G/ADP/W/441, G/ADP/W/442 and G/ADP/W/443.

<sup>4</sup> See document G/ADP/W/433, dated 4 June 2003. The four topics are: Article 2.2 - Export prices to third countries or constructed normal value; Article 2.4.1 - Foreign exchange fluctuations; Article 6.7 - Conduct of verification; Article 13 - Judicial, arbitral or administrative review.

<sup>5</sup> The following documents were submitted:

Article 2.2 – paper by New Zealand (G/ADP/AHG/W/161);

Article 6.7 – papers by Argentina (G/ADP/AHG/W/157), the European Communities (G/ADP/AHG/W/156), and New Zealand (G/ADP/AHG/W/159);

Article 13 – papers by Australia (G/ADP/AHG/W/160) and the European Communities (G/ADP/AHG/W/158).

<sup>6</sup> The following documents were submitted:

Article 2.2 – paper by Venezuela (G/ADP/AHG/W/162);

Article 6.7 – paper by Turkey (G/ADP/AHG/W/163);

Article 13 – papers by South Africa (G/ADP/AHG/W/165) and Turkey (G/ADP/AHG/W/164).

welcomed the fact that papers were submitted for the meeting by developing Members, and the Chairman strongly encouraged all Members, and particularly developing Members and newer users, who had not submitted papers, to do so, in order to provide Members with information about national practices regarding the matters under discussion. With respect to the future work of the Group, Members agreed that it was important to make efforts to ensure broader participation in the discussions by Members, and the Chairman was asked to undertake informal consultations to explore options to that end.

### **VIII. INFORMAL GROUP ON ANTI-CIRCUMVENTION**

19. The Informal Group on Anti-Circumvention met twice during the period under review, in April and October 2004. The Informal Group continued its discussions on the three items of the agreed framework, *i.e.*, "What constitutes circumvention?", and "What is being done by Members confronted with what they consider to be circumvention?", and "To what extent can circumvention be dealt with under the relevant WTO rules? To what extent can it not? What other options may be deemed necessary?".

20. At the Group's meeting in April 2004, there were no new papers submitted for the meeting, but Members nonetheless had engaged in an interesting discussion, especially in relation to a paper submitted at the meeting in October 2003, as well as more generally on the question of how to tackle this complex issue. The Chairman raised, under other business, the issue of the further work of the Group. It was apparent that Members wished to continue to address the issue of anti-circumvention in the setting of the Informal Group, pursuant to the Ministerial mandate. The Chairman urged all Members to make the best use of the Group by submitting papers and participating actively in the discussions.

21. At its meeting in October 2004, the Group considered one new paper,<sup>7</sup> on which a lively and interesting discussion ensued. Members also addressed a question raised by one Member concerning notice of initiation of anti-circumvention enquiries. Members also discussed ways to move the discussion in the Group forward. It was clear from the discussions that Members continue to find the Group a useful forum, and the Group will continue its work. The Chairman urged all Members to make the best use of the Group by submitting papers and participating actively in the discussions.

### **IX. OTHER BUSINESS**

22. During the review period, the Committee noted statements regarding the following items under the agenda item "Other Business":

- (i) United States – "European Communities - Recent amendment to EC anti-dumping law"
- (ii) Cuba – "Canada – Measures on corrugated steel bars"
- (iii) United States – "Proper understanding of Annex D of the Committee's Annual Report – Avoiding a Misunderstanding of the Number of Preliminary and Final Actions Notified"

<sup>11</sup> This report includes a period when these countries were not members of the European Communities, as well as a period following their accession to the EC. Therefore, these Members' separate notifications are listed herein, as well as the EC's notifications on their behalf. The EC submitted a notification, on behalf of these countries, indicating anti-dumping actions taken (if any), including revocations, terminations, and the lapse of measures, during the period 1 January – 30 April 2004 (G/ADP/N/119/EEC/Add.1). The symbol in the column headed "1 January – 30 June 2004" indicates the content of that notification for the country in question. For the period following the date of their accession to the EC, *i.e.* 1 May 2004 to 30 June 2004, the European Communities submitted a notification on behalf of the European Communities as a whole (G/ADP/N/119/EEC).

## UNITED STATES

Excerpted from G/ADP/N/112/USA, page 19:

For all investigations to which Article 15 applies, the Department of Commerce provided respondent companies an opportunity to explore the possibilities of price undertakings with the Department. The Department provided this opportunity to all developing country Members without prejudice to whether the Member's essential interests were affected. During the reporting period, a respondent company took advantage of this opportunity to explore such possibilities in the following case: *Prestressed Concrete Steel Wire Strand from Thailand*.

Excerpted from G/ADP/N/119/USA, page 23:

For all investigations to which Article 15 applies, the Department of Commerce provided respondent companies an opportunity to explore the possibilities of price undertakings with the Department. The Department provided this opportunity to all developing country Members without

prejudice to whether the Member's essential interests were affected. During the reporting period, no respondent companies took advantage of this opportunity.
