AGREEMENT BETWEEN THE EUROPEAN COMMUNITIES AND SWITZERLAND

Biennial Report on the Operation of the Agreement

Communication from the Parties

The report below presents the information received from the Permanent Delegation of the European Commission, dated 19 April 2002. It is organized in accordance to the Standard Format for Information on Regional Trade Agreements (WT/REG/W/6).

This report covers the period 1999-2001. The previous biennial report submitted by the parties on the operation of the trade agreements between the EC and Switzerland was circulated as WTO document WT/REG94/R/B/1, G/L/360 of 14 April 2000. The general situation remains as described in the last regular report.

I. BACKGROUND INFORMATION ON THE AGREEMENT

4. Trade Data

Total bilateral trade between the EU and Switzerland increased to €28.9 billion in the year 2000. Further statistical information is provided in the annex. Trade flows between the EC and Liechtenstein are also included in these figures.

II. TRADE PROVISIONS

8. Sector-specific Provisions

The process of ratification of the seven sectoral EC/Switzerland agreements which were signed on 21 June 1999 has not yet been completed. Consequently, the agreements have not yet entered into force. The seven agreements concern free movement of persons, air- and land transport, agriculture, research, public procurement and the mutual recognition of conformity assessment.

Since June 2001 negotiations on four new bilateral agreements are underway. These concern improved co-operation against fraud, the environment, statistics and additional liberalisation of trade in processed agricultural products. Further negotiations in six other areas, including for the liberalisation of trade in services, are currently under preparation.
