## REPORT (2001) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

### I. ORGANIZATION OF THE WORK OF THE COMMITTEE

1. The Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (hereinafter "the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices established under the Agreement.
2. Observer governments in the General Council of the WTO have Observer status in the Committee. With respect to international intergovernmental organizations, the International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the OECD is invited to attend meetings on an *ad hoc* basis, and has full access to documents relevant to the Committee's work, subject to objection by a Member in particular cases. Also pursuant to a decision of the Committee in October 1998, the ACP Group is invited to attend meetings on an *ad hoc* basis pending the outcome of horizontal consultations with respect to the ACP Group's requests for Observership in various WTO bodies. Requests for Observer status from the Common Market for Eastern and Southern Africa (COMESA) and the Gulf Organization for Industrial Consulting are the subject of on-going consultations among Members.
3. The focus of this report is on the period since the Committee's last annual report (G/L/404), that is, 4 November 2000 – 26 October 2001 (hereinafter "the review period"). During the review period, the Committee held two regular meetings, on 26 April 2001 and 26 October 2001 (G/ADP/M/18 and G/ADP/M/19 respectively).
4. As of the beginning of the review period, Mr. Yair Shiran (Israel) was Chairman, and Ms. Sahar Hosni Abdelaziz (Egypt) was Vice-Chairperson of the Committee. At its regular meeting in April 2001, the Committee elected Ms. Sahar Hosni Abdelaziz (Egypt) as Chairperson, and Ms. Ana Novik (Chile) as Vice-Chairperson. Pursuant to the Committee's Rules of Procedure, they took office at the end of that meeting. Ms. Hosni subsequently resigned as Chairperson upon accepting a position in the WTO Secretariat, and Ms. Novik presided over the October regular meeting of the Committee, in accordance with Rule 14 of the Committee's Rules of Procedure (G/ADP/4).

### II. NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. Article 18.5 of the Agreement provides that "Each Member shall inform the Committee of any changes in its laws and regulations relevant to this Agreement and in the administration of such laws and regulations". Pursuant to a decision of the Committee in February 1995, all Members having new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement are requested to notify the full and integrated text of such legislation and/or regulations to the Committee. Changes in a Member's legislation and/or regulations are to be notified to the Committee as well. Pursuant to that same

decision of the Committee, if a Member has no such legislation or regulations, the Member is to inform the Committee of this fact. The Committee also decided that Observer governments should comply with these notification obligations.

6. As of 26 October 2001, 97 Members had notified the Committee regarding their domestic anti-dumping legislation.<sup>1</sup> Of these 97 Members, 32 had notified the Committee that they had no anti-dumping legislation. Members' communications in this regard can be found in document series G/ADP/N/1/.... . 30 Members had not, as yet, made any notification of anti-dumping legislation and/or regulations. Annex A sets out the status of notifications concerning legislation under Article 18.5 of the Agreement, and sets out the reference symbol of the document(s) containing each Member's current notification in this regard. The Chair expressed continuing concern over the failure of some Members to submit the required notification concerning legislation, and added that for many of those Members, it was likely that a single nil notification would suffice. Members who had not yet done so were urged to make this notification promptly.

7. During the review period, the Committee reviewed new notifications regarding anti-dumping laws and/or regulations submitted by the following Members: Burundi, Canada, Croatia, Ecuador, European Communities, Jordan, Korea, Latvia, Madagascar, Mali, Mexico, Morocco, Oman, Papua New Guinea, Peru, and Tunisia. Written questions and answers regarding these reviews may be found in documents of the G/ADP/Q1/... series.

8. In addition to review of new notifications, during the review period the Committee undertook further review of notifications of legislation already considered at previous meetings. Written questions and answers concerning the notifications of the Chile and Malaysia were considered at the Committee's meeting in April 2001. Those questions and answers may also be found in documents of the G/ADP/Q1/... series.

### **III. SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS TAKEN BY MEMBERS**

9. **Semi-annual reports for the period 1 July-31 December 2000.** As of 26 October 2001, semi-annual reports of actions taken during this period had been submitted by 25 Members. 40 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/72/.... . At the Committee's regular meeting in April, the Chairman expressed great concern about the poor status of notifications. Members who had not already done so were strongly urged to submit these reports. The status of semi-annual reports is set out in Annex B.

10. **Semi-annual reports for the period 1 January-30 June 2001.** As of 26 October 2001, semi-annual reports of actions taken during this period had been submitted by 24 Members. 29 Members had notified the Committee that they had not taken any anti-dumping actions during this period. The remaining Members required to do so had not submitted a notification in this regard. The semi-annual reports were circulated in document series G/ADP/N/78/.... . At the Committee's regular meeting in October, the Chairperson expressed concern that although most of the Members taking actions had submitted their semi-annual reports, several of them were late or were not completed in accordance with the guidelines adopted by the Committee and set out in document G/ADP/1. Members who had not submitted their semi-annual reports were urged to do so. During the meeting the Chairperson sought the Members' views with regards to whether the Committee should undertake to revise the format for semi-annual reports. No views were expressed by any delegation on revising the format for the semi-annual reports. The status of semi-annual reports is set out in Annex B.

<sup>1</sup>In this report, the EC is counted as one Member.

11. A Table summarizing anti-dumping actions taken by Members and reported in their semi-annual reports during the period 1 July 2000 -30 June 2001 is reproduced in Annex C to this report.

#### **IV. REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS**

12. Pursuant to Article 16.4 of the Agreement, Members are to report without delay to the Committee all preliminary and final anti-dumping actions taken. Reports of preliminary and final anti-dumping actions during the period under consideration were received from Argentina, Australia, Canada, Egypt, the European Communities, India, Israel, Jamaica, Korea, Mexico, New Zealand, South Africa, Turkey, the United States, Uruguay and Venezuela, as indicated in documents G/ADP/N/70, G/ADP/N/71, G/ADP/N/73, G/ADP/N/74, G/ADP/N/75, G/ADP/N/76, G/ADP/N/77, G/ADP/N/79, G/ADP/N/80, G/ADP/N/81 and G/ADP/N/82. The Committee reviewed the notifications of preliminary and final actions at its regular meetings in April and October 2001. At the Committee's meeting in October 2001, the Chairperson noted that there continues to be a lack of full compliance in this area and highlighted the importance of this notification in the Committee's role in monitoring and discussing actions taken by Members.

#### **V. OTHER MATTERS**

13. **Ad Hoc Group on Implementation:** The Ad Hoc Group on Implementation held two working meetings during the period under review, in April and October 2001. At its meetings, the Group continued its discussion of the six topics referred to it by the Committee in April 1999,<sup>2</sup> as well as draft recommendations on certain matters under discussion. At its meeting in April 2001, the Group considered a draft recommendation concerning matters to be included in preliminary affirmative determinations and a draft recommendation concerning extensions of time to supply information. Although the Group was unable to come to agreement on the text of the first of these draft recommendations, a number of revisions were proposed, and the Group agreed to consider the draft further at its next meeting. However, the Group was able to come to agreement on the text of a draft recommendation concerning extensions of time to supply information, which was subsequently adopted by the Committee at its regular meeting in April 2001 (G/ADP/7). The Group also decided it would be appropriate consider the possibility of opening new topics of discussion, and Members were requested to submit written suggestions in this regard, to be circulated for consideration at the October 2001 meeting. At its meeting in October 2001, the Group considered all the papers that had been submitted on the topics under discussion. While the Group was unable to come to agreement on the text of a draft recommendation on conditions of competition that may be relevant to a decision whether a cumulative assessment of the effects of imports is appropriate, a number of revisions were proposed, and the Group agreed to consider the draft further at its next meeting. However, the Group was able to come to agreement on the text of a draft recommendation concerning information to be included in preliminary affirmative determinations. The Committee, at its meeting in October 2001, decided to table consideration of the draft recommendation until a decision had been made concerning the legal status of adopted recommendations. The Group considered the new topics that had been proposed, and agreed on the text of those topics. However, a decision concerning which, if any, of those topics should be referred to it for discussion was deferred until a special meeting to be held in December 2001. The Chair expressed satisfaction with the continued high level of participation by Members, and particularly the presence and participation of experts from Members' capitals.

---

<sup>2</sup> The six topics were: practical issues and experience in applying Article 2.4.2, termination of investigations under Article 5.8 in cases of *de minimis* import volume, practical issues and experience in cases involving cumulation under Article 3.3, practical issues and experience with respect to questionnaires and requests for information under Articles 6.1 and 6.1.1, practical issues and experience in providing opportunities for industrial users and consumer organizations to provide information under Article 6.12, and practical issues and experience in conducting "new shipper" reviews under Article 9.5. G/ADP/W/410.

14. **Informal Group on Anti-Circumvention:** The Informal Group on Anti-Circumvention met twice during the period under review, in April and October 2001. The Informal Group continued its discussions on the first and second items of the agreed framework, *i.e.*, "what constitutes circumvention" and "what is being done by Members confronted with what they consider to be circumvention". Members conducted the discussions based on papers submitted and further statements at the meetings. At its meeting in April 2001, the Informal Group considered the possibility of opening discussions on the third topic of the agreed framework, "to what extent can circumvention be dealt with under the relevant WTO rules? To what extent can it not? And what other options may be deemed necessary?", but did not reach a consensus to do so. At its meeting in October 2001, the Chairperson, noting that there was a lack of new information and that the discussions risked becoming circular, proposed that the Group consider the possibility of opening discussions on the third topic of the agreed framework. On this occasion consensus was reached to open discussions on the third topic.

15. **Possible Committee Decision on the Status of Adopted Recommendations:** At its meeting in April 2001, the Committee considered adopting a decision concerning the legal status of adopted recommendations. The Chairman made available, on his own authority, a draft text of such a decision, which was discussed by Members. No consensus was reached, and Members agreed to revert to the matter at a subsequent meeting. At its meeting in October 2001, the Committee considered the draft text of the decision on the status of adopted recommendations. Some delegations made specific drafting suggestions to the text of the decision. However, it was clear at the end of the discussions that it would not be possible for Members to reach a consensus on the decision at this point and decided to revert to the matter at the spring meeting of the Committee.

16. **Other Business:** During the review period, the Committee noted statements regarding the following items under the agenda item "Other Business":

- Canada- United States' initiation of an anti-dumping investigation of softwood lumber from Canada
- Korea – Initiation of anti-dumping investigation on Korean PSF by Japan
- Turkey – Anti-dumping practice of Argentina on imports of hot-rolled bars from Turkey
- New Zealand – Definitive duties on milk imposed by Brazil
- Indonesia – Anti-dumping practice on Indonesian polyester staple fibre
- Committee's Report to the Council for Trade in Goods
