## REPORT (2014) OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

(ADOPTED 29 OCTOBER 2014)

### 1 ORGANIZATION OF THE WORK OF THE COMMITTEE ON ANTI-DUMPING PRACTICES

1. The Agreement on Implementation of Article VI of GATT 1994 ("the Agreement") entered into force on 1 January 1995. All Members of the WTO are *ipso facto* members of the Committee on Anti-Dumping Practices ("the Committee") established under the Agreement.
2. Observer governments in the General Council of the WTO have Observer status in the Committee. The International Monetary Fund, World Bank and UNCTAD have regular Observer status in the Committee. Pursuant to a decision of the Committee in October 1998, the ACP Group and the OECD are invited to attend meetings on an *ad hoc* basis. Requests for Observer status from the Common Market for Eastern and Southern Africa and the Gulf Organization for Industrial Consulting are under consideration by Members.
3. This report covers the period 23 October 2013–29 October 2014 ("the review period"). During the review period, the Committee held two regular meetings, on 30 April and 29 October 2014 (G/ADP/M/46 & G/ADP/M/46/Suppl.1 and G/ADP/M/47, respectively).
4. As of the beginning of the review period, Ms Parima Damrithamanij (Thailand) was Chair and Ms Alana Hudson (New Zealand) was Vice-Chair of the Committee. At its April meeting, the Committee elected Mr Andrew Staines (United Kingdom) as Chair and Mr Hamed El-Etreby (Egypt) as Vice-Chair. Messrs Staines and El-Etreby took office at the end of that meeting.

### 2 NOTIFICATION AND EXAMINATION OF ANTI-DUMPING LAWS AND/OR REGULATIONS OF MEMBERS

5. Pursuant to Article 18.5 of the Agreement and a decision of the Committee in February 1995, all Members having new or existing legislation and/or regulations which apply in whole or in part to anti-dumping duty investigations or reviews covered by the Agreement are requested to notify the full and integrated text of such legislation and/or regulations to the Committee. Changes in a Member's legislation and/or regulations are also to be notified. If a Member has no such legislation or regulations, the Member is to inform the Committee of this fact. The Committee also decided that Observer governments should comply with these notification obligations.
6. As of 29 October 2014, 76 Members had notified their anti-dumping legislation<sup>1</sup>, while 37 Members had notified that they had no such legislation. These notifications can be found in document series G/ADP/N/1/... . Nineteen Members had not, as of the end of the review period, made any notification of anti-dumping legislation. Annex A sets out the status of notifications under Article 18.5, and the reference symbol(s) of the document(s) containing each Member's current notification.
7. During the review period, the Committee reviewed new notifications of legislation submitted by the following Members: Australia, Brazil, Cameroon, Congo, the European Union, the Gambia, Mexico, Montenegro, New Zealand, Qatar and the United States. It also continued its review of the

<sup>1</sup> The European Union is counted as one Member.

notifications of Chile and the Russian Federation. Written questions and answers regarding these notifications can be found in documents of the G/ADP/Q1/... series.

### **3 SEMI-ANNUAL REPORTS ON ANTI-DUMPING ACTIONS PURSUANT TO ARTICLE 16.4**

8. With respect to the semi-annual reports for the period 1 July-31 December 2013, as of 29 October 2014, 34 Members<sup>2</sup> had notified the Committee of anti-dumping actions taken during this period. Twenty- three Members had notified the Committee that they had not taken any anti-dumping actions during this period. Eighteen Members that notified competent authorities and 14 Members that did not notify competent authorities had not submitted a notification in this regard. These semi-annual reports were circulated in document series G/ADP/N/252/.... The status of semi-annual reports for this period is set out in Annex B. Questions raised concerning these reports can be found in the minutes of the meeting and in document series G/ADP/Q2/.... .

9. With respect to the semi-annual reports for the period 1 January-30 June 2014, as of 29 October 2014, 34 Members had notified the Committee of anti-dumping actions taken during this period.<sup>3</sup> Fifteen Members had notified the Committee that they had not taken any anti-dumping actions during this period. Twenty-six Members that notified competent authorities and 15 Members that did not notify competent authorities had not submitted notifications in this regard. These semi-annual reports were circulated in document series G/ADP/N/259/.... The status of semi-annual reports for this period is set out in Annex B. Questions raised concerning these reports can be found in the minutes of the meeting and in document series G/ADP/Q2/.... .

10. As of 29 October 2014, 42 Members had submitted a one-time notification pursuant to Articles 16.4 and 16.5.<sup>4</sup>

11. At the Committee's meetings in April and October 2014, the Chair(s) strongly urged Members that had not submitted reports of actions taken, nil returns or one-time notifications, to submit these notifications.

12. At the Committee meeting in April 2014, the Chair drew Members attention to three interconnected chronic problems regarding their semi-annual reports. These were late submission of the reports, technical errors contained within and slow responses of Members' to the Secretariat's repeated requests for corrections, which could reduce transparency due to delays of available accurate information and undermine the ability to maintain an updated and reliable database. She urged Members to carefully review all the information in their semi-annual reports before submitting them, observe the announced submission deadlines, make use of the instructions contained in the semi-annual reports format adopted by the Committee and provide any necessary corrections within one week from being contacted by the Secretariat in this respect.

13. A table summarizing new anti-dumping actions taken by Members as reported in their semi-annual reports for the period 1 July 2013-30 June 2014 is reproduced in Annex C to this report.

### **4 REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS**

14. Pursuant to Article 16.4 of the Agreement, reports of preliminary and final anti-dumping actions during the review period were received from Argentina; Australia; Brazil; Canada; Chile; China; the Dominican Republic; Egypt; the European Union; India; Japan; Korea, Rep. of; Mexico; New Zealand; Morocco; Pakistan; Peru; Philippines; the Russian Federation; South Africa; Chinese Taipei; Turkey; Ukraine; the United States and Viet Nam as indicated in documents G/ADP/N/250, G/ADP/N/251, G/ADP/N/253, G/ADP/N/254, G/ADP/N/255, G/ADP/N/256, G/ADP/N/257, G/ADP/N/258, G/ADP/N/260, G/ADP/N/261, G/ADP/N/262 and G/ADP/N/263.

15. The Committee reviewed the notifications of preliminary and final actions at its meetings in April and October 2014. Questions raised concerning these reports can be found in the minutes of

<sup>4</sup> Notifications submitted pursuant to the format contained in document G/ADP/19 adopted by the Committee on 21 October 2009. Members' notifications in this regard could be found in document G/ADP/N/193 series.

the meetings. At these meetings, the Chairs drew attention to the apparent lack of full compliance in this area, as some Members that submitted semi-annual reports indicating preliminary and/or final measures had not submitted reports of preliminary or final actions taken. The Chairs highlighted the importance of this notification to the Committee's role in monitoring and discussing actions taken by Members, and recalled that the revised minimum information format that had been adopted by the Committee in October 2006<sup>5</sup> and revised in October 2009<sup>6</sup> clarified the kinds of actions to be notified and the information to be submitted. A summary of the notifications submitted by Members pursuant to Article 16.4 is contained in Annex D of this report.

16. The Chairs also reiterated the importance of submitting these notifications, as in the case of all other notifications, to the WTO Centre for Registration and Notification with a copy to the Secretary of the Committee. Members were also requested not to resubmit previously submitted notifications and to verify the electronic web-links included in such notifications.

## **5 WORKING GROUP ON IMPLEMENTATION**

17. The Working Group on Implementation held two meetings during the review period, back-to-back with the Committee's regular meetings in April and October 2014.

18. At its meeting in April 2014 the Group discussed one paper submitted by Brazil, entitled "Article 3.5 – Other Known Causes of Injury", while at its meeting in October 2014, the Group discussed another paper submitted by Brazil, entitled "Articles 6.10 and 9.4 – Sampling and All Others Rate". Brazil made detailed introductory remarks pertaining to both papers at these meetings, followed by questions and answers sessions that addressed issues pertaining to the papers at both meetings. Many Members took the opportunity to explain their practices on similar issues. The Chairs encouraged Members to submit papers on the nine topics currently under discussion in the Group.

19. At the Group's meeting in October 2014, Brazil also proposed that Members reflect on how the work of this Group be reinvigorated and suggested further that Members could consider the inclusion of new topics in the list of topics which are currently before the Group for discussion. As Members also expressed their willingness to reflect on these suggestions, the Chair proposed to hold informal consultations to explore Members ideas in this regard and report back to the Committee.

## **6 INFORMAL GROUP ON ANTI-CIRCUMVENTION**

20. The Informal Group on Anti-Circumvention held two meetings during the review period, back-to-back with the April and October 2014 meetings of the Committee.

21. At the Group's meeting in April 2014, no new papers were submitted for consideration at the meeting. However, Brazil suggested that given the fact that no papers were submitted for the last few years, the work of the Group should be suspended until new papers were tabled. No other Member had views on this suggestion. In order to allow time for Members to reflect on this suggestion, the Chair indicated that for the purpose of the October 2014 meeting, the Group should plan to continue along the same lines as has been the case to date.

22. At the Group's meeting in October 2014, no new papers were submitted for consideration at the meeting. Brazil reiterated its suggestion and proposed that the Informal Group would not be convened unless a new paper was submitted or a Member asked that the meeting take place. Brazil further suggested that the standing item in the regular meeting of the Committee regarding the work of the Group be maintained regardless of whether or not the Group actually meets, such that issues regarding the work of the Group could be raised at any time. As several Members wished to further reflect on this idea, the Chair invited Brazil to discuss this issue bilaterally with other interested delegations and report back to the Committee at its next meeting.

## 7 OTHER ITEMS DISCUSSED BY THE COMMITTEE

### 7.1 European Union – Anti-Dumping Measure on Certain Seamless Pipes and Tubes of Iron from the Russian Federation – Item Requested By the Russian Federation

23. At the April 2014 meeting, the Russian Federation expressed concern regarding some Members' interpretation of the notion of product under consideration and the practical implications in the case of the European Union's measures imposed on seamless pipes from the Russian Federation. The European Union confirmed that its investigations in this respect were conducted to the highest standards and in accordance with the WTO and the European Union's anti-dumping rules.

### 7.2 United States – Anti-Dumping Measure on Ammonium Nitrate – Determination of the Scope of the Measure – Item Requested by the Russian Federation

24. At the April 2014 meeting, the Russian Federation also referred to the same systemic concern regarding some Members' interpretation of the notion of product under consideration and the implications it had in case of the measures introduced by the United States on the Russian Federations' exports of ammonium nitrate and products of ammonium nitrate which were basically fertilizers commercially used by agricultural producers. The United States confirmed that the United States Department of Commerce's determination in this case was made within the context of the United States' anti-dumping law and regulation and was consistent with its international obligations.

### 7.3 Product Scope Determinations in Anti-Dumping Investigations and Measures by Certain Members – Item Requested by the Russian Federation

25. At the October 2014 meeting, the Russian Federation reiterated its concerns regarding product scope issues in anti-dumping investigations. In this context, it referred to the interim review conducted by the European Union of its measure on ready-made seamless pipes from the Russian Federation, and the measures applied by the United States on Russian ammonium nitrate. The European Union requested to receive the questions posed in writing. The United States indicated that as this issue is currently before its domestic courts, it would not elaborate further and requested to receive the questions in writing as well.

### 7.4 Committee's Review of Responses to Questions Regarding Legislative Notifications and Follow-Up Questions Regarding Brazil's Response to Questions from the United States – Item Requested by the United States

26. At the October 2014 meeting, the Committee agreed that the following language be added to the current procedures in paragraph 8 of document G/ADP/W/284-G/SCM/W/293 and that the revised document be circulated to all Members: "In the event that written answers are not provided by the relevant deadline, the subject legislation shall remain on the Committee's agenda."

## 8 OTHER BUSINESS

### 8.1 At the April 2014 meeting:

27. The United States urged Bahrain, for transparency purposes, to notify its new adopted GCC Common Law on Anti-Dumping, Countervailing measures and Safeguards (Law No. 48 of 2011) to the Committee.

28. Japan made a statement pertaining to the anti-dumping investigation initiated by Korea, in March 2014, on valves for pneumatic transmissions. Korea provided its comments in this respect.

29. China made a statement regarding the European Union's process of trade remedy instrument modernization. The European Union provided its comments in this respect.

30. Turkey made a statement concerning the anti-dumping investigation initiated by Australia, in April 2014, on imports of rod coils. Australia provided its comments in this respect.

**8.2 At the October 2014 meeting:**

31. Mexico made a statement on the anti-dumping investigation conducted by Colombia on DOP plasticizer. Colombia took note and indicated it would inform capital and revert to the Committee in due course.

32. Peru referred to the sunset and change of circumstances reviews initiated recently by Argentina on Peru's zip fasteners chains and slides. Argentina confirmed that Peru's concerns were communicated to the investigating authority.

33. The Chair indicated his intention to request the Secretariat to organize a technical workshop, back-to-back with the spring Committee meeting, to discuss how to complete semi-annual and *ad hoc* anti-dumping notifications. Brazil, Chile, Colombia, Japan, Norway and Chinese Taipei welcomed the suggestion and the Chair confirmed that he will discuss with the Chair of the Committee on Subsidies and Countervailing Measures covering comparable countervail notifications at the same workshop.

34. At the April and October 2014 meetings, the Chairs encouraged Members that had issues to raise with other Members under other business to provide sufficient notice to the Member concerned prior to the meeting in order to ensure that an answer could be provided at the meeting.
